Professional summary

I am a dedicated and versatile professional with ten years of expertise in combined management and customer service, along with a passion for AWS services. I have a proven record of reliability, problem-solving skills, and obtaining results to meet the requirements of local customers and international business partners. I recently completed 12 weeks of intense training with Generation on the AWS re/Start program. This was done remotely where I gained experience and knowledge in the following: IT fundamental skills in Python, Linux Operating System, Databases, Networking, and AWS Cloud Computing. I am keen to put this training into action and further develop my skills, as I work towards my career goal of becoming a Cloud Solutions Architect.

Skill

- Linux
- Python
- Networking
- AWS-Cloud Computing concepts and core services
- Time management
- Customer service
- Critical thinking
- Administration and management

Experience

15/07/2020 09/2020
