Professional summary

I am a dedicated and versatile professional with ten years of expertise in combined management and customer service, along with a passion for AWS services. I have a proven record of reliability, problem-solving skills and obtaining results to meet the requirements of local customers and international business partners. I recently completed 12 weeks of intense training with Generation on the AWS re/Start program. This was done remotely where I gained the following knowledge and experience in: IT fundamental skills in Python, Linux Operating system, Databases, Networking and AWS cloud computing.

Skill

- Time management
- Administration and management
- AWS-cloud computing concepts and core services
- Linux, python, networking
- Critical thinking

Experience

15/07/2020 09/2020

AWS re/Start program
